Invitation for Webinar on Evolutionary Trends in Automotive Vehicle dated 15-07-2023

IEEE Delhi Section with Computer Society Chapter, Consultants Network Affinity Group, Life Member Affinity Group, Inter Society Relations, Industry Relations & SIGHT Standing Committees of IEEE Delhi with the associations CSI, Safa Society, ISTE Delhi Section, IETE Delhi Centre, invites you for a Webinar on 15-July-2023, the Saturday, at 06:00 p.m.

There are always many technologies and trends shaping Automotive industry, but few amongst them are taking the lead as following: Connectivity / Connected Vehicles , Electric Vehicles / Electrification , ADAS / Autonomous driving, Shared Mobility / Fleets. Given trends are possible because of advancements of underlying technologies such as 5G & Edge computing, V2X, IOT, Public Clouds, Data Analytics, Artificial Intelligence, Digitalization, Connected Car Platforms, Analytics Platforms, Cyber Security and so on. In this session, we will not just focus on technologies but see how these technologies are enhancing the driving experience, because when you get into the car, it is not just to take you from X place to Y place but to live in your third living space (after home & work) and enjoy the journey with rich immersive experiences! Let's try to have glimpse of all these in this session and discuss all possible issues and concerns.
