Webinar on Cyber Warfare, Cyber Security and Cyber Citizenship

IEEE Delhi Section with Computer Society Chapter, Consultants Network Affinity Group, Life Member Affinity Group, Inter Society Relations, Industry Relations & SIGHT Standing Committees of IEEE Delhi with the associations CSI, Safa Society, ISTE Delhi Section, IETE Delhi Centre, invites you for a Webinar on 18-September-2020, the Friday, at 06:00 p.m.

Today, we live in a digital age and are fascinated to use IoT devices, Fast Internet speed, Social Networking Sites, e-Governance, etc. However, cybercrime is at peak. Cyber Warfare could turn every gadget you own into a weapon on a virtual battlefield and the damage will be felt in the real world. The common risks faced by the society are Privacy Breach, Impersonation, Cyber Warfare, Cyber Security issues, and other contingencies. The most effective protection against cyber warfare and other attacks is being Cyber Aware by knowing how to secure information and networks. Due to the ignorance and lack of knowledge, the veracity of this domain is that we are unaware of the latest cyber threats, vulnerabilities, and attacks. The webinar will discuss issues in protecting computers, servers, mobile devices, electronic systems, networks and data from malicious attacks, and how to become a good cyber citizen. The webinar will also discuss the real-time issues, case studies and mitigation policies.
