Registration Link and Fee

Registration Link: <http://bvicam.ac.in/webinars/>

No registration fee. It is absolutely free for the members of IEEE, CSI, IETE, ISTE, ISCA, IITP and Bharati Vidyapeeth, with pre-registration

Abstract of the Talk

A very high degree of technological advancements, especially in the areas of Artificial Intelligence (AI) and Machine Learning (ML) have taken place in last one decade. AI pervasiveness have increased manifold to the extent of being omnipresent in every spectrum of our society and it has started impacting our day to day life in so many amazing ways. Very high end AI and ML algorithms are being used behind the scenes to make our everyday lives better and better. AI and ML technologies are now assist in every area of our lives, whether we are trying to read our emails, get driving directions, get music or movie recommendations, Email communications, Web searching, Social media, Digital Assistants, Self-Driving & Parking Vehicles, Stores & services, other offline experiences and what not. This webinar aims to explore the all round impact of AI in our society, few use cases and the way forward.

All are welcome:

Please circulate this to all your interested colleagues, associates and friends. Please register in large numbers and derive maximum benefit. **Advance registration is mandatory for participation. Participants will also get Participation Certificate.**
