Abstract of the Talk

The Indian Digital Personal Data Protection Act (DPDPA)-2023 was released recently. What is digital, what is personal, who is impacted how, what are our rights – are some questions that many of us would have in mind. Equally important is another question – Do we have any duties with respect to the Act? Our expert speaker, Adv. Puneet Bhasin will throw light on these. Please come prepared if you have any more and raise them during the interactive session. Let us gear to face the challenges of DPDPA and be compliant with the same.

All are welcome:

Please circulate this to all your interested colleagues, associates and friends. Please register in large numbers and derive maximum benefit. **Advance registration is mandatory for participation. Participants will also get Participation Certificate.**
