**Abstract of the  
Talk**

With an all-round infusion of Information and Communication Technologies, the 21<sup>st</sup> century educational ecosystem is changing very fast, which is also known as Education 4.0. ICT empowered Education 4.0 is transforming the academia and facilitating to bridge the gap between industry and academia with better-prepared workforce. This revolution promises to empower students with better employability and better preparation for future. Thus with NEP-2020 at its backdrop, Education 4.0 comes at a time when Industry 4.0 is already underway and AI enabled disruptive technologies have established themselves. The webinar will discuss its all-round perspective including the real-time issues and challenges.

**All are welcome:**

Please circulate this to all your interested colleagues, associates and friends. Please register in large numbers and derive maximum benefit. **Advance registration is mandatory for participation. Participants will also get Participation Certificate.**
