**Abstract of the
Talk**

Writing technical books is a very challenging but satisfying job. All the reputed and global publishers are encouraging the authors to come forward for writing technical books in the potential subject areas. The webinar aims to discuss details of technical books writing with the standard global publishers, the processes involved, important things to be taken care, royalty issues, detailed process workflow including special section on how to take copyright permissions.

All are welcome:

Please circulate this to all your interested colleagues, associates and friends. Please register in large numbers and derive maximum benefit. **Advance registration is mandatory for participation. Participants will also get Participation Certificate.**
