Abstract of the Talk

Industry-Academia Interaction / Gap has continued for decades. The jobseekers are struggling for opportunities, while the employers are frustrated that they do not get employment ready inputs from the Academia. The country suffers due to brain-drain. Bringle UK, India will present the consolidated list of challenges based on global research (self, and third party), and then their proposed solution which is based on 3Es approach (Employability, Entrepreneurship, and Education) with all inclusive approach – the students, the parents, the government, the academia (universities / colleges / institutes), and the mentors (Bringle). Our expert Mr. Daman Dev Sood will chat live with Mr. Anshav Jain to understand the full concept.

All are welcome:

Please circulate this to all your interested colleagues, associates and friends. Please register in large numbers and derive maximum benefit. **Advance registration is mandatory for participation. Participants will also get Participation Certificate.**
